

## 4-H CLUB Enrichment Activity

Offered in cooperation with Lincoln Parks and Recreation

Lincoln Parks and Recreation is partnering with the University of Nebraska Count Extension to offer 4-H Clubs. Your child will have the opportunity to participate in club activities where curriculum developed for 4—H will be used to provide fun learning experiences.

What is 4-H? Land Grant Universities fund extension programs for public education. Programs for youth focus on curriculum that develops life skills, and leadership, and activities that offer experiential learning. The program starts with “Clover Kids” for children ages 5-7 and then 4-H for youth ages 8-18. We are excited about our partnership with 4-H and the rich resources they provide.

A variety of projects and activities for Clover Kids and 4-H Clubs will occur within Parks and Recreation supervised play programs. There may also be an opportunity for club members to exhibit something at the Lancaster County Fair. This depends on projects and activities the 4-H Clubs choose to do. There is no cost for 4-H memberships and materials needed for projects will be furnished.

As 4-H Club members, children can participate in County Extension get-togethers like Jammie Jamboree where kids learn how to sew a pair of pajama pants, residential overnight camps like Easter 4-H Camp in Gretna, and specialty clubs like “Household Pets.” Members will receive Nebline, a monthly UNL Extension newsletter that features upcoming opportunities and informative articles.

Please look at the graphic information on the back which shows the Experiential Model which includes doing an activity and then reflecting and sharing about the activity to reinforce learning. Final step is to generalize this new knowledge by using it in new settings. The Life Skills Model shows how activities focus on specific skills encompassed in the four H's “Head, Heart, Hands, and Health.”

Additional information about County Extension and 4-H programs can be found at [Lancaster.unl.edu/4h](http://Lancaster.unl.edu/4h) and [www.youtube.com/users/4HLancasterNE](http://www.youtube.com/users/4HLancasterNE)
